Re: Docket No. 2005-385-E – Notice of Intent to Submit Comments

Dear Mr. Terreni,

The Network for New Energy Choices (NNEC) is a not-for-profit organization committed to providing state and local governments with ideas and information to generate clean, affordable power from local, renewable energy sources. Working with a growing coalition of nonprofit groups, municipal officials, business leaders and academics, NNEC promotes creative and objective ideas for financing community-based clean energy and advocates critical utility policy reforms.

I am submitting this notice on behalf of NNEC as to my intent to submit comments regarding Docket No. 2005-385-E. I request that the commissioners retain a copy of my comments for their record.

Sincerely,

James Rose
Research Director

Note: 10 copies of this notice is submitted by U.S. Mail
